 metric  
**\$9.00 each**

**METRIC EDUCATIONAL GAME**

MR. METRIC'S Game teaches the metric measurement  
 system to children and adults. This game, designed for  
 teaching or learning the metric system, employs sound  
 learning principles of seeing, hearing and feeling -  
 explanation, repetition, and recall, with the stimulation of  
 competition...

Two - ten persons, age 8 to adult, can play the game at one  
 time. The game board is laid out in metric units, game tokens  
 are cubic centimeters, and the players move across the game  
 board as they respond to metric questions on metric units,  
 symbols, terminology, unit relationship, and metric math...  
 Ideal for schools, industry, or the home for the family.
